# Who attended the event

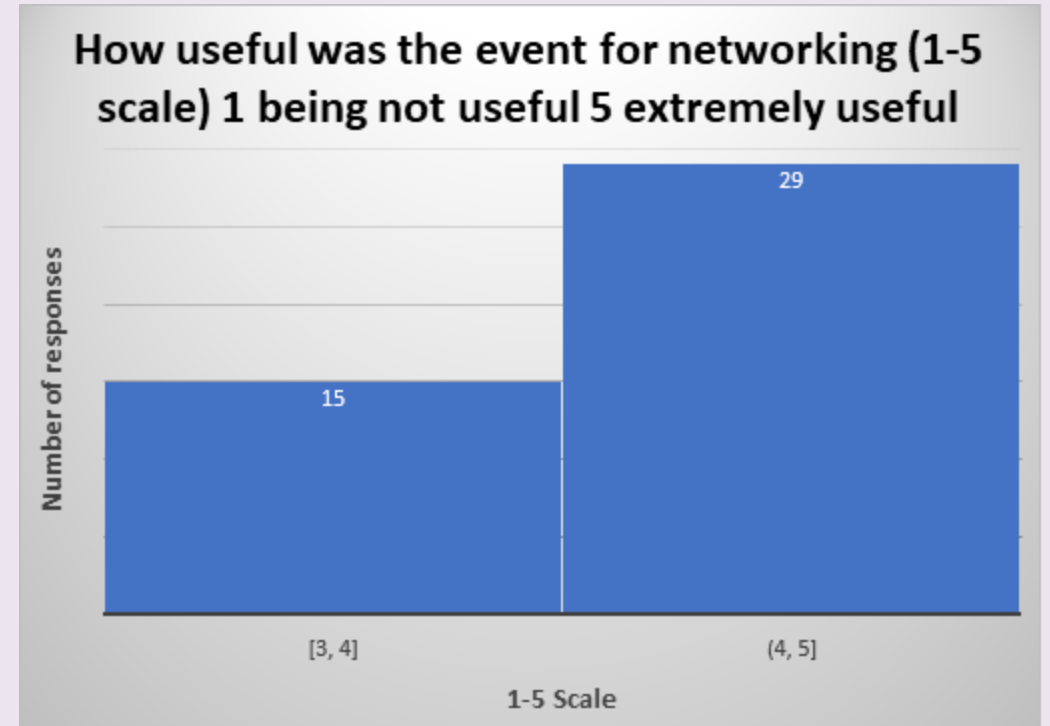

**84 Attended**  
**104 Registered**  
**44 Feedback Forms Completed**

# Was the event useful for networking with others?

## YES

### Extremely useful!

# What learning will you implement in your organisation?.....

- PSIRF, SEIPS model: Inspired to implement human factor tools & look at incidents in a different way
- Sharing RCAs prior to 'sign off' with families & teams
- Preterm birth optimisation & the clinical care bundle to reduce the risk of intraventricular haemorrhage
- Tommy's App & MEWS looks great –interested in implementation & the challenges of digital applications
- Explore how LMNS's understand investment opportunities for projects that are working well
- Explore women and birthing people seeking sanctuary project for my organisation
- Remembering 'we are only human'

# What you had to say.....

"Brilliant to be back face to face, well organised"

"Really professional : warm inclusive feel to the event"

"Lots of interesting ideas coming up, especially in digital"

"There are some great people out there! lots we can do together"

"The Pathway to improvement for preterm birth: really positive to hear how working together is helping the region improve outcomes "

"Tommy's App session: engaging, informative supports practice "

"Deterioration in women & babies: good speakers who gave a very realistic presentation taking the attendees along with them!"

LGA study; I wanted to learn more about the risks & counselling"

"All interesting- great to have a combination of national level innovation type talks with local/regional showcasing"

Formula for safety; more than the sum of its parts; Inspirational & such a positive outlook"
